

Tell Me About The Good Old Days

The idea is for each quilt to have a mix of traditional and contemporary elements.

Required:

1. Text print fabric. (Fabric with words printed on it.)
2. Traditional pieced blocks. (Yes, you can include applique.)

It must be obvious that you've included these two required elements.

The "No" List:

No specific size or color requirements.

No rules about the backing fabric or design.

No wool.

No collage.

That's it!! I hope you have fun creating a quilt for this challenge and can't wait to see your interpretation.

Cindy
